Training with The Family History Guide

www.thefhguide.com/train.html

Imagine your own training system for family history, with free courses, tools, a tips. It's in the Training section of The Family History Guide!

Presentations

Download slides and brochures for presenting overviews of The Family History Guide. Also available are free webinars and videos for training, with new ones being added regularly.

Course Catalog

Access over 100 ready-made courses with instructor tips. Choose from full-length classes (60-min.) or mini-classes (15-20 min.). You can also easily design your own custom classes from the Goals and Choices provided.

Training Individuals, Families, and Groups

Use practical guidelines and tips for different audience types: individuals (including beginners), families (including children), and groups, such as classroom delivery. Topics include Overview, Setup, Delivery, After, and Success.

Training Consultants

Get your family history consultants up and running quickly, with the confidence and tools to help family history learners. Using the Tracker (see below) you can pre-assess skills and monitor progress.

Using the Tracker

Keep track of progress with each Project, Goal, and Choice in The Family History Guide.

Tracker -
Project 1: Family Tree

The Family History Guide

Instructors: M = Minutes for this item; T = Total minutes

M / T	Goals / Choices	Notes
	Goal 1: Navigate Family Tree.	
	A: Log in to FS, navigate Family Tree.	
	B: Change the zoom in Family Tree.	
	C: Expand and contract family lines.	

Training Tools

Find tips for instructor preparation, teaching techniques, and a course evaluation sheet.
