Get started and go farther on your family history journey, with The Family History Guide

On www.thefhguide.com/youth.html

Here's the Youth menu:

Family Tree

- Navigate FamilySearch Family Tree.
- View information about your ancestors.
- Take care of your part of the Tree.
- Add ancestors to the Tree.

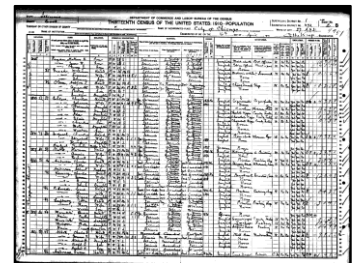

Places and Cultures

- Learn about the Country pages in The Family History Guide.
- Explore the geography, culture, and history of your ancestors' lands.
- Get started with family history research.
- Watch inspirational videos about places and cultures.

Indexing

This page helps you get started with indexing historical records. It's a great service you can give to others who are doing research, as it helps them find their ancestors faster and easier.

Apps and Sites

- Explore apps and programs from the BYU Family History Technology Lab.
- Explore apps and programs in the FamilySearch Solutions Gallery.

... and here's a sample of what you'll find:

Ancestor Photos and Stories

- Find and enjoy photos of your ancestors.
- Discover and read stories about your ancestors.
- Gather your family memories, including photos, stories, and documents, and share them online.
- Watch inspirational videos about the power of discovering and sharing family memories.

Family History Activities

This section links to the Youth Activities page. You'll find over 60 fun and meaningful family history activities that are especially designed for youth.
